WORK EXPERIENCE

Research Assistant

Santa Clara University | June 2020 – Present

- Assist Dr. Voss and Dr. Shaghaghi with the TailorEd Project which measures the return on infrastructural investment in student learning.
- Develop and design a user interface to accurately display findings.
- Categorize images that will be used to train a machine-learning algorithm that will analyze the learning activities captured in a dataset of 60,000+ classroom photographs.

Student Mentor

Upward Bound — UH Hilo | June 2020 – July 2020

- Mentored first-generation low-income and underrepresented high school students.
- Encouraged students to explore college, internship and community service opportunities
- Assisted students in identifying and establishing a network of resources supportive of academic success.

User Design and Web Development Intern

SCU Leavey School of Business | March 2020 – June 2020

- Assisted with improving the business school's website including website hierarchy, design, UI/UX, and search engine optimization.
- Conducted and evaluated usability testing to be synthesized into complete restructuring of LSB website.

Media Services Assistant

Santa Clara University | September 2019 – March 2020

- Assisted in providing instructional technology and event support to faculty, students and staff.
- Maintained and troubleshooted media services including laptops, projectors, microphones, speakers and cameras.

AWARDS

- Generation Google Scholarship (2018)
- The Hawaii Island New Knowledge Fund (2018)
- Islander Scholar (2017)
